

# 2018 Art In Motion

24 Mar 2018

Green Hope High School  
2500 Carpenter Upchurch Rd  
Cary, NC 27519

We look forward to seeing your school at Art in Motion this year! We have construction at the back of the school which will change the flow of props drop off this year. Additionally, our parking lots are not very user friendly for semi-trucks so we've tried to organize the lots to best accommodate. The attached pictures show the parking lots for the various vehicles. Here are a few things to remember:

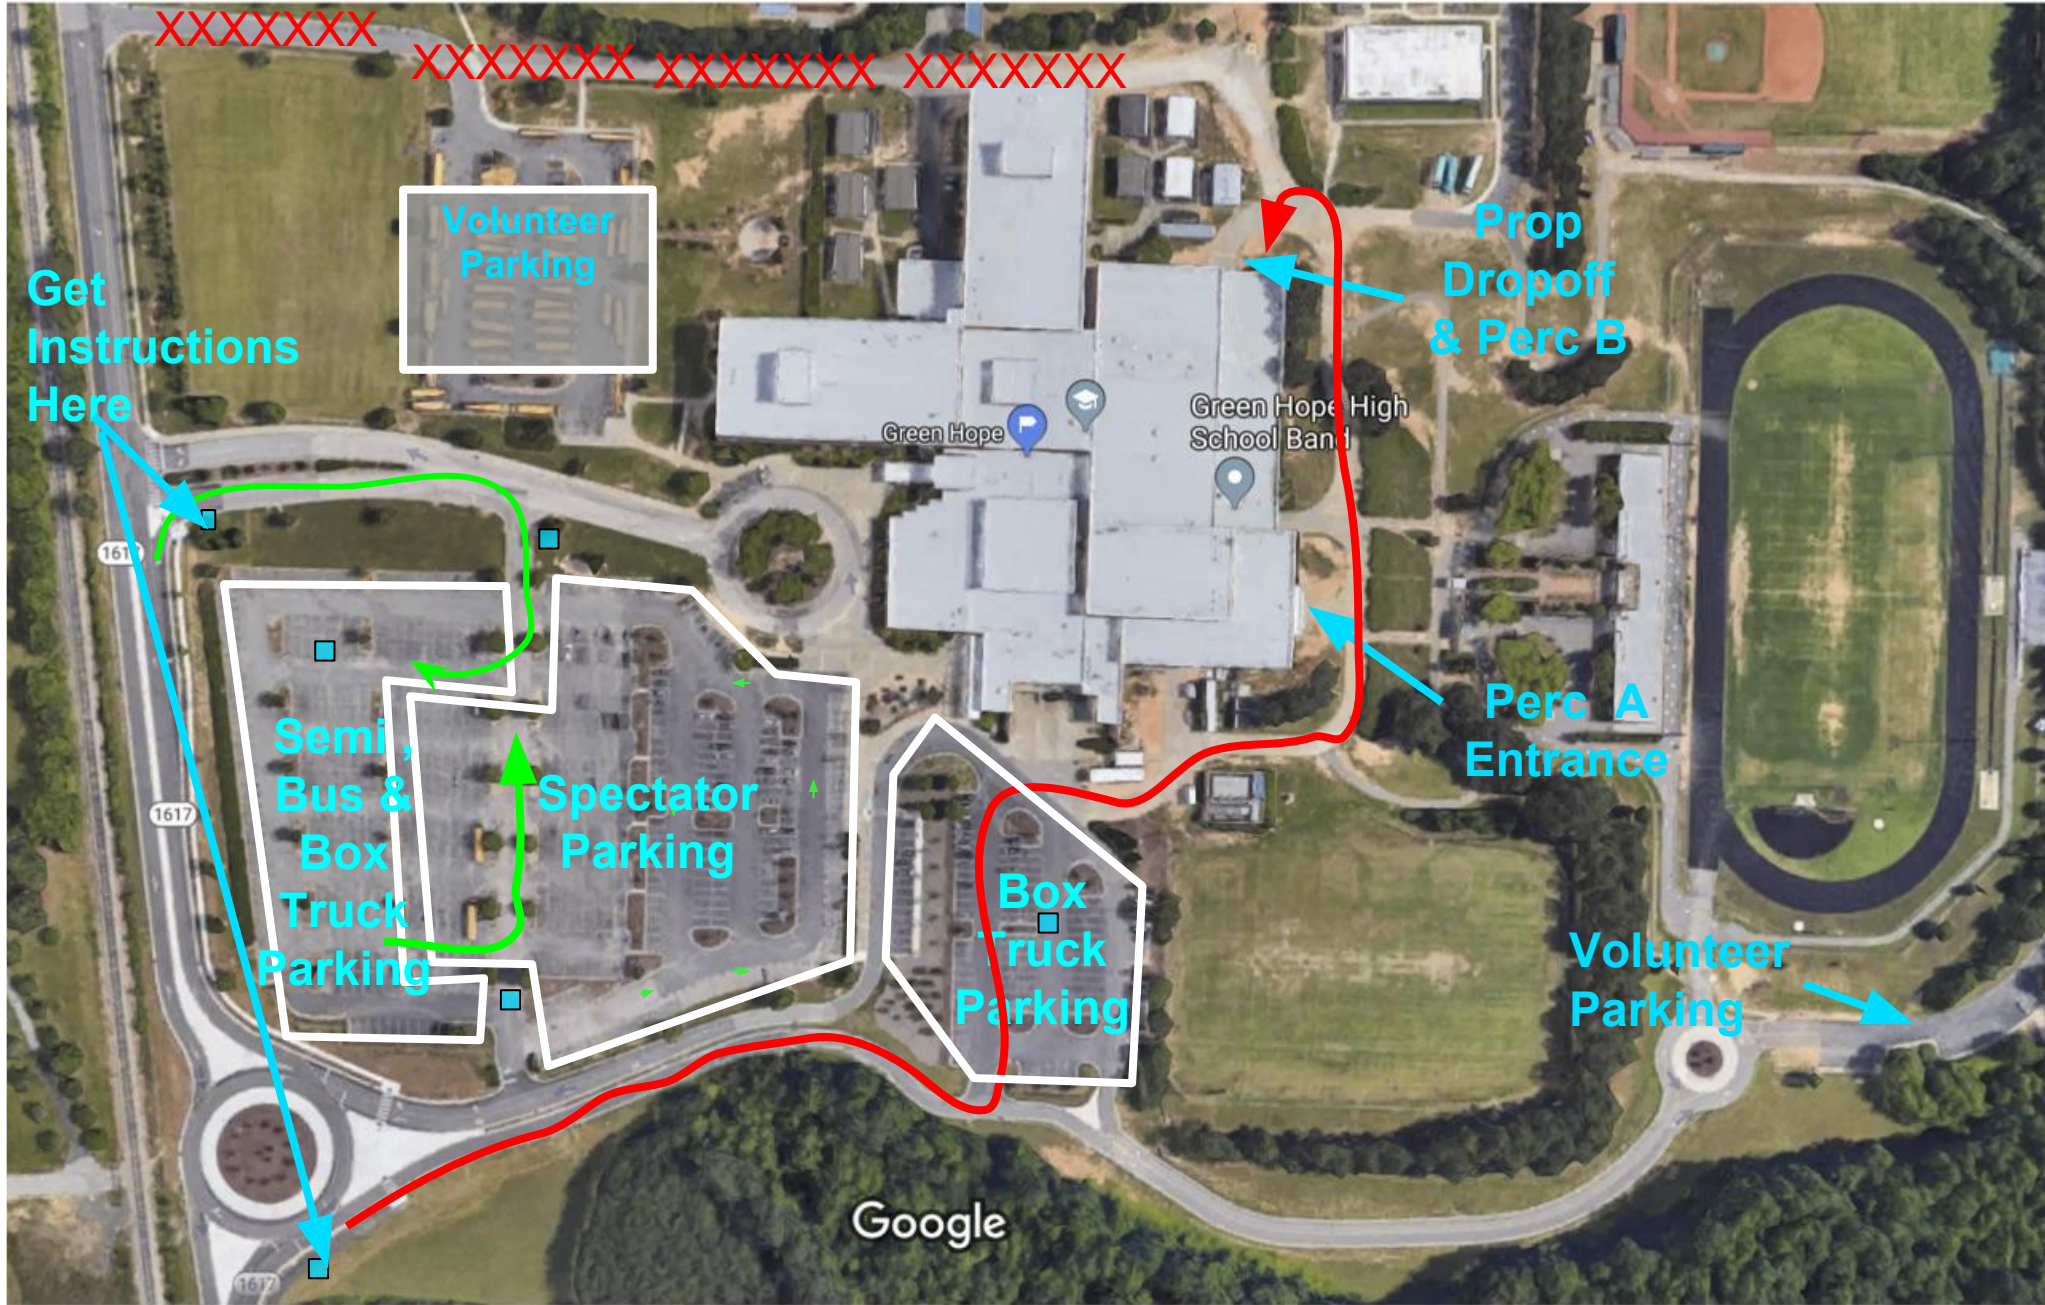

- All semi trucks, pickups & trailers, box trucks, buses should stop at the circle or the main entrance on Carpenter Upchurch road to get instructions where to park. The circle is on the south west corner of the school.
- Box trucks, or pickups with trailers will go into the lower lot on the south east side of the school (labeled Box Truck parking)
- Semi trucks and buses will enter from the main entrance and turn right to park in the section of the lot closest to the road (labeled Semi, Bus & Box Truck Parking on the map)
- Buses can go through the lower parking lot for unit check in, and then proceed back towards the circle on Carpenter Upchurch to park in the Bus parking.
- Props in small box trucks and trailers can be dropped off by proceeding through the Box truck parking lot and around the back of the school to the north east corner of the school. Trailers will have to backup and turn around and return the same way as they entered to return to the parking lot. Semis cannot go around the back of the school.
- No cars/minivans will be allowed in the box truck or semi truck lots. Groups traveling in personal vehicles should use the spectator lots which are adjacent to school.
- The road on the north side of the school is closed due to construction.

Please contact me if you have any questions, and safe travels.

Thank you,  
Chris Mathura
