Woodgrove High School Competition Area

All AIA contest sites must have a minimum of 70' x 100' of gym area to accommodate a five (5) foot "safety zone" from spectator seating. If no spectators are seated on the left or right sides of the gym area, then the "safety zone" will be eliminated on the left and right sides of the competition area and can extend to the maximum of 78' x 106'.

The "competition area" at this event measures approximately 70' x 106'. All performing groups must be prepared to perform within that area. Floor tarps may not extend into the "safety zones" per rules found in the Winterguard International Adjudication Manual and Rulebook.

BACKSIDE SEATING

SPECTATOR SEATING

Blue arrows represent the pathway to the Performance Area

Red arrows represent pathways after performance. Units will move equipment down the main hallway and return to their assigned classroom or go straight out the front door
